Called life

The bus is waiting right outside

To hit the road and once again

I leave you all behind

I chase another dream tonight

And by the time you'll be home

I'll be far away

Nothing seems to last forever

It's time to go

A moment in a million years

Is all I've got for you

A moment in a million years

To make some dreams come true

A moment that I won't forget

Until the day I die

A moment in a million years

Called life
