

G D
Don't try to make me stay
Am
Or ask if I'm okay
Em D
I don't have the answers
G D
Don't make me stay the night
Am
Or ask if I'm alright
Em D
I don't have the answer

D Em G D
Heartache doesn't last forever
D Em G C
I'll say I'm fine
D Em G D
Midnight ain't no time for laughing
D Em G C
When you say goodbye

G D
It makes your lips so kissable
Em C
And your kiss, unmissable
G D
Your fingertips so touchable
Em C
Your eyes irresistible

G D
I've tried to ask my self
Am
Should I see someone else?
Em D
I wish I knew the answer
G D
But I know, if I go now, if I leave
Am
Then I'm on my own tonight
Em D
I'll never know the answer

D Em G D
Midnight doesn't last forever
D Em G D
Dark turns to light
D Em G D
Heartache flips my world around
D Em G
I'm falling down, down, down,
D
That's why...

G D
I find your lips so kissable
Em C
And your kiss unmissable
G D
Your fingertips so touchable
Em C
And your eyes irresistible

G D
It's in your lips and in your kiss
Em C
It's in your touch and your fingertips
G
And it's in all the things and other things
D Em C
That make you who you are and your eyes irresistible

G D
It makes your lips so kissable
Em C
And your kiss, unmissable
G D
Your fingertips so touchable
Em C
Your eyes irresistible
