

Am *C*
No sign of life did flicker
G *E*
In floods of tears she cried
Am *C*
"All hope's lost it can't be undone
G *E*
They're wasted and gone"

Am
"Save me your speeches
C
I know (They blinded us all)
G
What you want
You will take it away from me
Am *C*
Take it and I know for sure

The light she once brought in
G *Am*
Is gone forevermore"

Am *C*
Like sorrowful seaguls they sang
G
"(We're) lost in the deep shades
E
The misty cloud brought
(A wailing when beauty was gone
Come take a look at the sky)
Am *C*
Monstrous it covered the shore
G *E*
Fearful into the unknown"

Am *C*
Quietly it crept in new horror
G *E*
Insanity reigned
Am *C*
It spilled the first blood
G *E*
When the old king was slain

chorus:
C *G*

Am *E*
Quietly crept in and changed us all

Quietly crept in and changed us all

C *G* *E*

Immortal land lies down in agony

Akorabi
