

Turn Up The Music - Lemonade Mouth

Bm C D G X2

Na na na na na

Bm C

Take a look around

D G

Who would have thought we'd all be here?

Bm C

So let's mess around

D G

Cuz the future is unclear

Bm C

We got nothin' better to do

D G

We're just tryin' to get through

Bm C

Can you hear me?

D G

Can you hear me?

C G

Let the music groove you

D G

Let the melody move you

C G

Feel the beat and just let go

D G

Get the rhythm into your soul

C G

Let the music take you

D G

Anywhere it wants to

C G

When we're stuck and can't get free,

D G

No matter what, we'll still be singing

Bm C

Come on, come on, turn up the music

D G

It's all, we got, we're gonna use it

Bm C

Come on, come on, turn up the music

D

Yeah
