E  
And you dont't even know  
D                    C                    E  
The all I can do to leave you alone  
A  
Don't bring me flower  
D  
You're worried too much  
C                    E                    A  
Ohh my darling to know you see me It's enough

Candles cost nothing

And the money runs out and then middle maybe will stop
