

## Makes Me Wonder - Maroon 5

Bm  
I wake up with blood shot eyes

A  
Struggled to memorize

G / Em  
The way it felt between your thighs

A  
Pleasure that made you cry

Bm / 7  
Feels so good to be bad

A G  
Not worth the aftermath, after that

After that

A Bm7 F7 Em  
Try to get you back

### [Bridge]

G / Em A  
I still don't have the reason

Em A Bm F7 Em  
And you don't have the time

Em (D)  
And it really makes me wonder

A Bm  
If I ever gave a fuck about you

### [Chorus]

Bm / 7 D A  
Give me something to believe in

G / Em A  
Cause I don't believe in you anymore

Bm / 7  
Anymore  
Bm D A Em  
I wonder if it even makes a difference to try

(Yeah)

A  
So this is goodbye

DO VERSE

Bm  
God damn my spinning head

A  
Decisions that made my bed

G / Em  
Now I must lay in it  
A Bm

And deal with things I left unsaid

I want to dive into you

A

Forget what you're going through

Em

I get behind, make your move

A

Forget about the truth

~~Bridge]~~

G / Em

A

A E  
I have no alibi
