One baby to another says I'm lucky to have met you
                               Вb
I don't care what you think unless its about me
It is now my duty to completely drain
A travel through a tube and end up in your infection

Chew your meat for you, pass it back and forth
                D
In a passionate, from my mouth to yours

I like you
                               Вb
With eyes so dilated, I've become your pupil
You've taught me everything without a poison apple
The water is so yellow, I'm a healthy student
Indebted and so grateful - Vacuum out the fluids
Nak.

Chew your meat for you, pass it back and forth
                D
In a passionate kiss, from my mouth to yours
I like you (you, you, you, you, you)
