Shut the door turn the light off

Time escapes me

Your life, your voice your reason to be

My love, my heart

Is breathing for this

Moment in time

G

I'll find the words to say

Before you leave me today

Close the door

Throw the key

A

Don't wanna be reminded

Don't wanna be seen

Bm

Don't wanna be without you

My judgement is clouded

G

Like the night sky

D

Undecided

Voice is numb

A

Try to scream out my lungs

Bm

But it makes this harder

G

And the tears stream down my face

Bm

A

Flashes left in my mind

Going back to the time

Playing games in the street

Kicking balls with my feet

Dancing on with my toes

Standing close to the edge

There's a pile of my clothes at the end of your bed

As I feel myself fall

Make a joke of it all
