

## Stars Are Blind - Paris Hilton

intro: D F#m G A

D F#m G  
I don't mind spending some time

A  
Just hanging here with you

D F#m G  
Cause I don't find too many guys

A  
That treat me like you do.

D F#m  
Those are the guys I want to take me for a ride

G A  
But when I walk their talk is suicide

D F#m  
Some people never get beyond their stupid pride

G A  
But you can see the real me inside

G A  
And I'm satisfied, oh no, oh...

D  
Even though the gods are crazy

F#m  
Even though the stars are blind

G A  
If you show me real love baby, I'll show you mine

D  
I can make it nice or naughty,

F#m  
Be the devil and angel too,

G A G  
Got a heart and soul in body, let's see what this love can do.

A D  
Maybe I'm perfect for you.

F#m G A

D F#m G  
I could be your confidant

A  
Just one of your girlfriends

D F#m G  
But I know that love's what you want

A  
If tomorrow the world ends.

D F#m  
Why shouldn't we be with the one we really love?
