

## On Mercury - Red Hot Chili Peppers

Bm  
I've got myself  
          G                A  
In a masochistic hold  
F#  
Why don't you let go  
Bm  
Shake it off  
          G                A  
Just to redirect my flow  
F#  
Come on let's go  
Bm  
Sit up straight  
          G  
I'm on a double date  
          A  
I've got to find my way  
          F#  
Into the light, heavy, middle weight  
Bm                        G  
We don't stop rock around the clock  
          A  
Motor mouthing off  
                F#  
In front of every other road block  
  
=====  
G  
Come again and tell me  
                F#  
What you're going thru  
G  
Like a girl who only knew  
          F#  
Her child was due  
  
Bm                D  
Memories of everything  
          A                G  
Of lemon trees on mercury  
Bm                D  
Come to me with remedies  
          A                G  
From five or six of seven seas  
Bm                D                A  
You always took me with a smile  
          G  
When I was down

Bm                D  
Memories of everything  
      A        F#  
That blew thru

=====

Looking up into  
A reverse vertigo  
What an undertow  
Give it up  
Another stubborn scorpio  
Come on, let's go

Sit up straight  
I'm on a double date  
I've got to find my way  
Into the light, heavy, middle weight  
We don't stop rock around the clock  
Motor mouthing off  
In front of every other road block

=====

Come again and tell me  
What you're going thru  
Like a girl who only knew  
Her child was due  
To the moon she gave  
Another good review  
Turn around and look at me  
It's really really you
