C            Am                            F  
Oceans apart day after day  
                 G            C  
And I slowly go insane  
C            Am                            F  
I hear your voice on the line  
                 G                            Am  
But it doesn't stop the pain

Am                            F  
If I see you next to never  
Am                            F                            C  
How can we say forever

C                            G  
Wherever you go  
G                            Am  
Whatever you do  
Am                            F                            C  
I will be right here waiting for you  
C                            G  
Whatever it takes  
G                            Am  
Or how my heart breaks  
Am                            F                            C  
I will be right here waiting for you

C            Am                            F  
I took for granted, all the times  
                 G                            C  
That I though would last somehow  
C            Am                            F

I hear the laughter, I taste the tears  
G Am  
But I can't get near you now

Am F  
Oh, can't you see it baby  
Am F C  
You've got me goin' crazy

C G  
Wherever you go  
G Am  
Whatever you do  
Am F C  
I will be right here waiting for you  
C G  
Whatever it takes  
G Am  
Or how my heart breaks  
Am F C  
I will be right here waiting for you

Dm7 C F  
I wonder how we can survive  
F  
This romance  
Dm7 C F  
But in the end if I'm with you  
F G  
I'll take the chance

Repeat INTRO

Am F

C G  
Wherever you go  
G Am  
Whatever you do  
Am F C  
I will be right here waiting for you  
C G  
Whatever it takes  
G Am  
Or how my heart breaks  
Am F C  
I will be right here waiting for you
