She didn't compromise

When she took off that cold afternoon  
F            C            A#            F  
Heading for the northern skies.

F            C            A#  
I told her I could come  
F            C            A#  
That I could come along.

F            C            A#            F  
She was the first girl on the moon

I think I was her only friend  
F            C            A#            F  
She bought her ray-gun, an old harpoon
