

## Stars - Roxette

Am C  
You keep on walking on the other side

G D  
Other side, other side

Ami C  
You keep on walking on the other side  
G D  
Other side, other side

C G  
Wherever you go, I'm going with you  
F  
Shouldn't you know I'm bound to follow?  
C G  
Whatever you say, whatever you do  
F  
I give you a clue, I'm gonna follow

Chorus:

C  
And the stars will show  
G  
Where the waters flow  
Ami F  
Where the gardens grow  
Ami G  
That's where I'll meet you

Why don't you let me let me come along?  
Na na na, na na na  
Why don't you open, make me come along?  
Na na na, na na na

Wherever you go, I'm going for you  
Oh, I was truly born to follow  
Like fire and wood and paper and glue  
Only a few were born to follow

And the stars will show  
Where the waters flow  
Where the gardens grow  
That's where I'll meet you

And the sun will glow  
Melting all the snow  
Knowing all I know  
That's where I'll meet you

Stars will show

Where the waters flow  
Where the gardens grow  
That's where I'll meet you

And the sun will glow  
Melting all the snow  
Knowing all I know  
That's where I'll meet you

And the stars will show  
Every breeze will blow  
Knowing all I know  
That's where I'll meet you

That's where I'll meet you...
