this song is for your forgiveness

for the sadness i knifed in your heart

with fear and hope, loss and salvation

did you wake with a sigh and not a smile, did you ?
did you hear the ravens woe in this exalted night ?
this very night
this song is for the demons
that haunted me in those loveless lonely nights
and for the shadows that stained my soul
for the echoes of my loss
this song is for my forgiveness
for the sadness you knifed in my heart
for the road that lies ahead
with fear and hope, loss and salvation
