

## Boat on the river - Styx

Am C  
Take me back to my boat on the river  
G E  
I need to go down, I need to come down  
Am C  
Take me back to my boat on the river  
G Am  
And I won't cry out anymore  
Am C  
Time stands still as I gaze in her waters  
G E  
She eases me down, touching me gently  
Am C  
With the waters that flow past my boat on the river  
G Am  
So I don't cry out anymore

G  
Oh the river is wide  
E Am C  
The river it touches my life like the waves on the sand  
G Am  
And all roads lead to Tranquillity Base  
G E  
Where the frown on my face disappears  
Am C  
Take me down to my boat on the river  
G Am  
And I won't cry out anymore

G  
Oh the river is deep  
E Am C  
The river it touches my life like the waves on the sand  
G Am  
And all roads lead to Tranquillity Base  
G E  
Where the frown on my face disappears  
Am C  
Take me down to my boat on the river  
G E  
I need to go down, won't you let me go down  
Am C  
Take me back to my boat on the river  
G Am  
And I won't cry out anymore  
G Am  
And I won't cry out anymore  
G Am

And I won't cry out anymore...
