

## Need You Now - Taylor Swift

Em  
I need you now  
C  
Read letters that I wrote on the wall  
G D  
And the message that I left when I called

Em  
I need you now  
C  
Words I said drowned out by the rain  
G D  
Waiting there for you but you never came

Em C  
My worlds a little colder now  
G D  
But Im keeping warm somehow

Em C  
So here you are at my window  
G  
Guess nobody told you  
D  
I dont need dont need you  
Em C  
And I waited so frustrated  
G  
Whos gonna hold you  
D  
I dont need you dont need you now

Em  
I need you now  
C  
Words I heard you whisper to me  
G D  
We were walking down a one-way street

Em  
You need me now  
C  
Thats what youve been telling my friends  
G D  
That Ive come too far to go back there again

Em C  
My heart my mind and number have changed  
G D

You might as well forget my name

Em C  
So here you are at my window

Guess nobody told you

D  
I dont need dont need you

Em C  
And I waited so frustrated

Whos gonna hold you

D  
I dont need you dont need you now

Em  
I need you now
