Just My Imagination - The Cranberries

```
Вb
There was a game we used to play
We would hit the town on Friday night
And stay in bed until Sunday
We used to be so free
          Eb
We were living for the love we had and
Living not for reality
Bb F / Eb / Gm F
It was Just my imagination x3
Вb
There was a time I used to pray
             Eb
I have always kept my faith in love
              Gm
It's the greatest thing from the man above
The game I used to play
I've always put my cards upon the table
Let it never be said that I'd be unstable
Bb F / Eb / Gm
It was Just my imagination x3
