How To Save A Life - The Fray

```
D / F#
Step one you say we need to talk
          D D / F#
He walks you say sit down its just a talk
           D / F#
He smiles politely back at you
              D / F#
           D
You stare politely right on through
            D / F#
Some sort of window to your right
          D D / F# G
As he goes left and you stay right
           D / F#
Between the lines of fear and blame
                D D / F#
And you begin to wonder why you came
              D
Where did I go wrong, I lost a friend
               D / F#
          G
Somewhere along in the bitterness
And I would have stayed up with you all night
           G
                 D / F# G
Had I known how to save a life
                  D / F#
Let him know that you know best
               D D / F#
Cause after all you do know best
              D / F#
Try to slip past his defense
          D D / F#
Without granting innocence
           D / F#
Lay down a list of what is wrong
          D D / F# G
The things youve told him all along
             D / F#
And pray to God he hears you
             D D / F#
Εm
Pray to God he hears you
              D
Where did I go wrong, I lost a friend
   G D / F#
Somewhere along in the bitterness
And I would have stayed up with you all night

As he begins to raise his voice
                D D / F#
You lower yours and grant him one last choice
              D / F#
Drive until you lose the road
                          D D / F#
Or break with the ones youve followed
            D / F#
He will do one of two things
              D / F#
         D
He will admit to everything
              D / F#
Or hell say hes just not the same
Εm
               D D / F#
And youll begin to wonder why you came
 C
              D
                             Εm
Where did I go wrong, I lost a friend
    G D / F#
Somewhere along in the bitterness
                                     Εm
