Jumper - Third Eye Blind

```
I wish you would step back from that ledge, my friend
You could cut ties with all the lies, that you've been living in
               С
And if you do not want to see me again
            C G D
                    Am
I would understand, I would understand
The angry boy, a bit too insane
Icing over a secret pain
You know you don't belong
You're the first to fight
You're way too loud
You're the flash of light
On a burial shroud
I know something's wrong
Well, everyone I know has got a reason
С
To say
Put the past away
Wish you would step back from that ledge, my friend
                 С
You could cut ties with all the lies that you've been living in
                 C
                         G
And if you do not want to see me again
            C G D Am
                     I would understand
I would understand,
Αm
And well, he's on the table
And he's gone to code
And I do not think anyone knows
What they are doing here
And your friends have left you
You've been dismissed
I never thought it would come to this
And I, I want you to know
```

```
Αm

Maybe today
We can put the past away
I wish you would step back from that ledge my friend
