```
G#m
Empty streets
C#m
I follow every breath into the night
The winds are cold
C#m
The sun is frozen the world has lost its light
                                      C#m
I carry your picture deep in me
Back to you of a 1000 seas
G#m
Back to us
                           В
Don't you lose your trust and your belief
Just trust me
G#m
We have to go a 1000 Oceans wide
F# G#m
1000 dark years from time has died
1000 stars are passing by
We have to go a 1000 Oceans wide
1000 times against an endless tide
            \mathbf{E}
                      В
We'll be free to live our lives
G#m
I know somewhere
                                   G#m
We'll find a little place for you and me
C#m
It all turned out a different way
Can't feel the pulse in our veins
G#m
So we today
C#m
                                 В
Will let our heart be guided though the dark
Just trust me
We have to go a 1000 Oceans wide
