I've been in love for many times
I thought I knew this fall
But now you treated me so wrong baby
I can't take anymore and it looks like
                        Dm
                              G C G7
I'll never fall in love again

                                         Am
Fall in love I never gonna fall in love
                           G
I mean it fall in love again
All those things I've heard about it
I thought there were only lies
And when I caught you in her arms baby
I just broke down and cried
And it looks like
                  Dm
                          G C G7
I'll never fall in love again
     Am C
                                         Am
Fall in love I never gonna fall in love
                 F
                           G
I mean it fall in love again
С
I give my heart so easily
I cast aside my pride
And when you fell with someone else baby
I broke up all inside
             C
And it looks like
                                    G C G7
I never gonna fall in love again
