      C - C7 - Am - Am - Fm - G
When I first held you I was cold
A melting snowman I was told
But there was no one there to hold
Before I swore that I would be alone forever more
C C7
                    Am
Wow, look at you now flowers in the window
          Αm
Its such a lovely day
       Fm
And I'm glad you feel the same
       C C7
Cos to stand up out in the crowd
You are one in a million and I love you so
Lets watch the flowers grow
There is no reason to feel bad
                                   Am
But there are many seasons to feel glad, sad, mad
It's just a bunch of feelings that we have to hold
But I am here to help you with the load
Nak.
So now we're here and now is fine
                                   Am
So far away from there and there is time, time, time
To plant new seeds and watch them grow
So there'll be flowers in the window when we go
Nak. x2
