

## Safe - Travis

D Ddim5 D Dadd4  
Take all the goods from all the bards  
D Ddim5 D Dadd4  
And tell the people that you've gone away  
D Ddim5 D Dadd4  
Now lift your head up to the sky  
D Dim5 D Dadd4  
And now you can tell apart the black from the white

And we waste the time they treasure dear  
And my only thought is that they could be right  
Well look there goes another year  
About as distant as a satellite

D Ddim5 D Dadd4  
And I feel safe, so safe  
D Ddim5 D Dadd4  
And I feel safe, so safe  
D D7 G G  
And I feel safe, so safe  
C  
So safe

The world's a small child in the dark  
And my mind's the same place that it's always been  
The monsters seem to fade so fast  
Upon the waking of another dream

D Ddim5 D Dadd4  
And I feel safe, so safe  
D Ddim5 D Dadd4  
And I feel safe, so safe  
Em  
And I feel safe, I feel so brave

D  
I'm not afraid of anything they've got to say

If you're okay, because you're tucked away  
Em

Don't go astray

C

You've got to be just who you are, who you are

{Bridge: D Ddim5 D Dadd4}

When I was young things didn't last  
My only cures went to the price of sweets  
Now I'm older I can laugh  
A dolly mixed up man with rotten teeth

D Ddim5 D Dadd4  
And I feel safe, so safe  
D Ddim5 D Dadd4  
And I feel safe, so safe  
D D7 G G  
And I feel safe, so safe  
C  
So safe

D Ddim5 D Dadd4  
And I feel safe, so safe  
D Ddim5 D Dadd4  
And I feel safe, so safe  
D D7 G G  
And I feel safe, so safe  
C  
So safe
