## Burning House - X

```
Drive by my house late at night
You can see from the freeway above
No silhouette but the light left on
Burnin' there for love
Burnin' there for love
             Α
Smoke is risin' from the back,
Comin' out my back door
I'm inside sound asleep
    G
            E
Cigarette on the floor
Burnin' there for love
Burnin' there for love
(chorus)
I can still remember
A G E
A couple of years ago
E A
When the smoke and flame from our name
    A G E
Was a burnin' house of love
 A G
A burnin' house of love
A burnin' house of love (repeats a couple of times)
(solo break)
(repeat chorus)
Well the rusty nail over our front door
Is where I hung our tears in a ring
I threw that horsehoe into the weeds
To see what luck can bring
To see what luck can bring
Now you're in your bed and I'm in mine
```

E D
On either side of town
E C
I think I might take a ride
A G E
And burn your love house down
A G E
(Like a) Burnin' house of love
Burnin' house of love (repeats)
