

Is It True - Yohanna

Dm

You say you really know me You're not afraid to show me

Bb

What is in your eyes

Dm

So tell me bout the rumors Are they only rumors?

Bb

Are they only lies?

C Bb

Falling out of a perfect dream

C Bb A

Coming out of the blue

Dm

Is it true? Is it true?

Bb

Is it over?

F C

Did I throw it away?

Dm

Was it you? Was it you?

Bb

Did you tell me

F C

You would never leave me this way?

If you really knew me

You couldn't do this to me

You would be my friend

If one of us is lying

There's no use in trying

No need to pretend

Falling out of a perfect dream

Coming out of the blue

Is it true? Is it true?

Is it over?

Did I throw it away?

Was it you? Was it you?

Did you tell me

You would never leave me this way?

Is it true? Is it true?

Is it over?

Did I throw it away?

Was it you? Was it you?

Did you tell me
You would never leave me this way?

Is it real? Did I dream it?
Will I wake from this pain?
Is it true? Is it true?
Is it over?
Baby, did I throw it away?
Ooh is it true?
