Deep - Binocular(Sarki Sozu)

so this is what you mean and this is how you feel so this is how you see and this is how you breathe

sometimes i know sometimes i go down deep oh

so this is what you mean and this is how you feel so this how you see and this is how you breathe

sometimes i know sometimes i go down deep oh

beneath the deep blue sea touching every breath all a slight off hand for everything you left

sometimes i know sometimes i go down deep oh

sometimes
i give myself for you
sometimes
i know down deep
