

# Riders Of The Damned ( Unplugged ) - Black Label Society

Em                            C - Am  
There is no absolution  
Em                            C - Am  
Never lose what was never there  
Em                            C - Am  
No regard for the future  
Em                            C - Am  
As for the past i never cared

G                            Em  
For the damned (for the damned)  
                          C                            Am  
Shall roll Shall roll

G                            Em                            C  
Walking tall(walking tall ) we stand  
                          Am  
Long may you run  
                          Em  
Riders of the damned

Salvation has been wrecked  
Dissolution has been found  
Punishment and judgement  
Lay rotting beneath the ground
