   G    D       A   C      G        D     F
 If ya love somebody,  if ya need someone,

Verse 2:(same as before)

 Now let me treat ya right, yeah, show I care.
 Cuz every night I'll take ya there
 I really wanna
 Do to you what you do to me
 Do to you what you do to me.

Bridge:

 A                       D/A
   I don't  want just anything.
   A7                     A
 I just want something real.
 Bm
    Let down your defences, baby,
 G                 F(add9)     F(add9)/D
 Show me what you feel.

Ending:

 G  D   A   C        G   D   F
     Do to you what you do to me
 G  D   A   C        G   D   F
     Do to you what you do to me

 (keep on repeating that over and over...fade out)
 (at one point in the end there are no chords and Bryan whispers the lyrics.
 The same progression continues after that part.)
