G C G
Standing in the alpha beta parking lot

Watching the sun set

I'll never forget
G C G
Watching all the reds and oranges slip away
D G
Letting go of yet another dirty day
C
Breathing in the fumes from so many idling cars
D
Right beneath the sign with the dusty yellow stars
C G
Watching the sun go down

Watching the sun go down
C D G
Watching the sun (watching the sun) go down

Standing in the alpha beta parking lot
Watching you leave me
Not quite believing
Standing in the alpha beta parking lot
Watching the sun set
I'll never forget

Breathing in the fumes from so many idling cars
Right beneath the sign with the dusty yellow stars
Watching the sun go down
Watching the sun go down
Watching the sun go down
