

## If Only - Calling, The

( Bbm Db F# Fm )

-What's the way of love

Bbm Db  
Tell me your fiction  
F#

Tell me your lies  
Fm

Say to me now, you'll never forget this night

Bbm Db  
I'm feeling emotionless  
F#

My head's so clear  
Fm

My enemies aren't, the ones I fear

Bbm Db  
You know your kiss confuses  
F#

This troubling soul  
And I found out

Fm  
The we're all breaking hearts  
Ab  
That we're all broken hearts

Db F# Bbm  
If only love could find us all  
Ab Db  
If only hearts didn't have to fall  
F# Bbm  
We can't mislead to make things right  
Ab Bbm  
So instead we'll sleep alone tonight  
(Bbm Db F# Fm)

-What's the way of love?

Bbm Db  
You are thinking I'm crazy  
F#

But you're blushing of lust  
I've heard a lot of nice things,  
Fm

But tell me which ones I'm to trust?

Bbm Db  
These walls we made are glass  
F#

And they have been known to crack

But until then  
Fm  
You'll keep pushing my way  
Ab  
And I'll keep pushing you way

D#m F#  
If you want to take a change  
Bbm  
And try to make things right  
Db Ab D#m  
You better have a reason to be loved  
F#  
We all want something more  
D#m Db  
And it is worth fighting for?.

(SOLO)

Db F# Bbm  
And somehow fate were in my hands  
Ab Db  
Would it be enough to understand  
F# Bbm  
Why we feel lost in a world so small  
Ab Db F# Bbm  
If only love could find us all?  
Ab Db F# Bbm  
If only love could find us all?  
Ab Bbm  
If only, If only love could find us all
