A Bm E A
In my head, you're my woman just perfect
Bm E A Bm
And if you left, I'd need no one else but you
E A Bm
Then what could be the point of setting us apart
E A Gb
It's just a matter of culture then why is it so hard?

Bm
I don't know why
E
How come it happened so?
A Gb
I wouldn't think of this before
Bm Bsus2 E
Oh life, I wish I was there and we tried

A
Make me so that and I believe then I will be
E A
Your kind of guy
E A
Make me so that and I believe then I will be
E A
Your kind of love

A Bm E A
In my head, we would stand against the rules
Bm E A Bm
That we've faced, as child when we were raised
E A Bm
You could hold an item in case you want to play
E A Gb
And I could start the beating and hear you sing a song

Bm
I don't know why?
E
Why did you look for sense?
A Gb
Where is your heart by which you've talked?
Bm Bsus2 E
Shut up, we didn't have our moments yet

A
Make me so that and I believe then I will be

E A

Your kind of guy
