

When I Think Of You - Chris De Burgh

Am Em
There is something on my mind,

Am Em
and I'm losing concentration

Am Em
And I feel it everytime,

Dm G
that you are near me.

Am Fadd9
I could tell you all about,

Em Fadd9
your picture at my bedside,

Am Em
I should call you sometime,

Dm G
and talk it over.

Dm7 G
'Cos I get a kick inside,

Dm7 G
and I feel a tingle too,

Dm7 G
It just comes from time to time,

Dm7
And it only happens,

G C
When I think of You,

Dm7 C
Sleeping, when I'm dreaming,

F G C
when I wake up, when I think of you,

Dm7
Walking, when I'm talking,

C
When I look up,

Dm7 G Am
When I think of You,

take me away to a land of mass confusion,
And I don't know what to say,
when I am near you,

I could stand here all day long,
just staring at your window,

But I have so much to do,
that's so important,

Then I get a kick inside, and I feel a tingle too,
It just comes from time to time,

And it only happens,
When I think of You,

sleeping,
when I'm dreaming, when I wake up,
When I think of you,
walking,
when I'm talking, when I look up,
when I think of

A
You may get the feeling that I'm
dancing on the ceiling,
Dm7 G
When I get a kick inside,
