

This Is Me - Demi Lovato

Am F
I've always been the kind of girl
C G
That hid my face
Am F
So afraid to tell the world
C G
What I've got to say
Am F
But I had this dream
C G
Right inside of me
Am F
I'm gonna to let it show
C
It's time
G
To let you know
G
To let you know

Am F
This is the real, this is me
C G Am
I'm exactly where I'm supposed to be now
F
Gonna let the light
C G
Shine on me
Am
Now I found
F
Who I am
C G
There's no way to hold it in
Am F C G
No more hiding who I wanna be
Am F C G Am F G
This is me

Am F C G
Do you know what it's like to feel so in the dark
Am F C G
To dream about a life where you're the shining star
Am F
Even though it seems
C G
Like it's to far away
Am F C

There's no way to hold it in
Am F C G
No more hiding who I wanna be
Am F C G Am F G
This is me
