

## The Day Before The Day - Dido

Bm G  
Speeches won't be made today, clocks will carry on  
A Bm  
Flowers wont be left in parks, work will still be done  
Bm G  
People wont be dressed in clack, babies will be born  
A  
No flags will fly, the sun will rise,  
Bm F#m  
But we know that you are gone

Bm F#m Bm F#m  
You who love to love and believed we can never give enough

Bm G  
It wakes me every single night, thinking through the day  
A Bm  
Did you stop at any time have doubts at any stage  
Bm G  
Were you calm or were you numb or happy just to get it done  
A Bm F#m  
I've lived my life without regret until today

Bm F#m Bm F#m  
You who love to love and believed we can never give enough

Bm G  
I didnt get to say goodbye the day before the day  
A Bm  
Was trying to get to work on time, thats why i turned away  
Bm G  
And missed the most important thing you've ever tried to say  
A Bm F#m  
I've lived my life without regret until today

Bm F#m Bm F#m  
You who love to love and believed we can never give enough  
Bm F#m Bm  
And you who hoped that underneath we all felt the same  
G F#m  
That was until the day before the day  
G F#m  
The day before the day, the day before the day
