I Found Way - Drake Bell

```
Eb                            G#       Bb
I never thought that it'd be so simple but
Eb                G#        Bb
I found a way, I found a way
Eb                             G#       Bb
I always thought that it'd be too crazy but
Eb               G#        Bb
I found a way, I found a way
Cm        F          G#
If you open up your mind
G#m
See what's inside

Eb                F                     G#       G#m
Well it's gonna take some time, to realize
Eb          F              G#               G#m
But if you look inside I'm sure you'll find
Eb          F            G#
Over your shoulder you know that I told you
                                           F
I'll always be pickin' you up when your down
              G#   G#m
So just turn around

Eb                     Ab         Bb
Now that I know that anything's possible
Eb              Ab         Bb
I found a way, I found a way
Eb                    Ab        Bb
No one can break what is so unbreakable
Eb               Ab        Bb
I found a way, I found a way
Cm        F          Ab
And if you open up your mind
G#m
See what's inside

Eb             Eb
No one cares, what you give
Eb
You know you gotta live like you wanna live
Eb             Eb
When it's time, to be free
Eb
You know you gotta be what you wanna be

And if you open up your mind

See what's inside

Eb           F                   Ab      Abm
It's gonna take some time, to realize
