Don't You Forget About Me - Enrique Iglesias

```
\operatorname{Bm}
They say love is just a game
They say time can heal the pain
sometimes you win, sometimes you lose
and i guess i'm just a fool
                      F#m (let it ring)
i keep holding on to you
i told you once you were the one
you know that i'll die for you
F#m
                                    Bm
Although it hurts to see you go
oh this time you should know
                        F#m
      F#m
i won't try to stop you
Nak.
don't you forget about me baby
don't you forget about me now
                                     Ε
                                              F#m
some day you'll turn around and ask me, why did i let you go
                         Bm
so you try to fake a smile
you don't wanna break my heart
i can see that you're afraid
but baby its to late
                  F#m
coz I'm already dying
dont you forget about me baby
dont you forget about me now
                                                  F#m
some day you'll turn around and ask me, why did i let you go
```
