Anywhere - Evanescence

```
Dear my love, haven't you wanted to be with me
And dear my love, haven't you longed to be free
I can't keep pretending that I don't even know you
And at sweet night, you are my own
F#m
Take my hand
[CHORUS:]
          E F#m
  A
We're leaving here tonight
                              C#m
There's no need to tell anyone
     Bm
                  E
They'd only hold us down
A E F#m
So by the mornings light
     D
We'll be half way to anywhere
Where love is more than just your name
I have dreamt of a place for you and I
No one knows who we are there
All I want is to give my life only to you
I've dreamt so long I cannot dream anymore
     F#m
              \mathbf{E}
Let's run away, I'll take you there
          E F#m
We're leaving here tonight
                              C#m
There's no need to tell anyone
      Bm
They'd only hold us down
      E
So by the mornings light
                             C#m
We'll be half way to anywhere
Where no-one needs a reason
```
