Hold Me - Farid Mammadov

Bbm
Should have seen it coming when I saw you
F#
Should have had the sense to stop and walk away
Ab   F#
It was gonna turn out complicated
F
We've hit overload, about to explode

Bbm
If love was a mountain
Ebm
I'd climb up to the highest of them all
Ab
I'd swim across the ocean if you'd call
Db   F
I'm lost in your smile, freefalling for miles

Bbm   Ebm
Hold me, just unfold me
Ab   Db   F
Unchain my soul, give me love, make me whole
Bbm   Ebm
Hold me if it's only
Ab   Fm
For this moment in time, now I'm yours and you're mine
F#
So hold me

Bbm
Take a little time and you'll know better
Ebm
Then to think about giving in on the one you love
Ab
Here we're going back and freeze the moment
Db   F
When we used to be free, was only you and me

Bbm   Ebm
Hold me, just unfold me
Ab   F
Unchain my soul, give me love, make me whole
Bbm   Ebm
Hold me if it's only
Ab   F
For this moment in time, now I'm yours and you're mine

Bbm
Remember how we used to laugh, but now you're running from the past

```
Ab                            F
Let's find the strength to carry on
Bbm
Remember how when love used to be, you said I was your fantasy
Ab                            F
Can't take another night alone, so come on home

Bm          Em
Hold me, just unfold me
A                 D              F#
Unchain my soul, give me love, make me whole
Bm            Em
Hold me if it's only
A                      F#              A
For this moment in time, now I'm yours and you're mine
B
So hold me...
```
