

## Cold Day In The Sun - Foo Fighters

C                      D                      G  
Keep your high dive into your brain

C              D                      G  
And make your only cause

C              D              G                      F                      C              D                      G  
You just might wear your welcome out if you don't let it go.

C                      D                      G  
And there's nothing that you couldn't say

C              D                      G  
Cause you said it all before

C              D              G                      F                      C                      D                      G

You know

G

Don't be afraid

Am

Cause your not the only one

Em

You're not the only one

D

I know

Am D Dsus2

It's your cold day in the sun

Am

Looks like you're bleeding heart

D Dsus2

Has already won

Am D Dsus2

It's your cold day in the sun

Am

Looks like you're bleeding heart

D Dsus2

Has already won
