[A]------9-9-------9-8---9--------------------|
[E]----------------7--------------------|
```

```
   B    D#m  G#m   F#
...sleeping on my side
```

```
F#
I finish kissing my dad
B
So now I head back up the steps
F#
Thinking about where I've been
B
I mean it's always never like this
F#
I wanna feel with the season
B
I guess it makes sense
B            D#m        G#m
That my life's become as vapid as
B          D#m      G#m
A night out in Los Angeles
B          D#m   G#m  F#m  C#
And I just wanna stay in bed
```

```
B                   F#
I hold you like I used to
B                     F#
You know that I am home
B                   F#
So darling if you love me
                   G#m   D#m   B   C#
Will you let me know?
```

```
F#
Or go on, go on, go on
                              G#m              C#
If you've been thinking that the worst is yet to come
B            F#
Why am I the one
      B            C#
Always packing up my stuff?
F#
For once, for once, for once
```

```
                         G#              C#
I get the feeling that I'm right where I belong
B           F#
Why am I the one
        B           C#
Always packing up my stuff?

F#
She's got enough on her mind
B
That she feels no sorrow
F#
I let my faith fill the air
B
Now she's rolling down the window
F#
Never been one to hold on
B
But I need a last breath
B          D#m    G#m
So I ask if she remembers when
B          D#m      G#m
She used to come and visit
             B          D#m      G#m      F#        C#
Man, we were fools to think that nothing could go wrong

F#
Or go on, go on, go on
                              G#m              C#
If you've been thinking that the worst is yet to come
B           F#
Why am I the one
        B           C#
Always packing up my stuff?
F#
For once, for once, for once
                         G#              C#
I get the feeling that I'm right where I belong
B           F#
Why am I the one
        B           C#
Always packing up my stuff?
B                  F#
I think I kind of like it
      G#m                C#
But I might have had too much

BRIDGE (2.5x)
*F#
I'll move back down
        *B
To this western town
          *G#m
```

```
When they find me out
        *B              *C#
Make no mistake about it

Why am I the one
       D#m            C#
Always packing up my stuff?
F#
Go on, go on, go on
                                 G#m                  C#
If you've been thinking that the worst is yet to come
B             F#
Why am I the one
B                    C#
Always packing up my stuff?
F#
For once, for once, for once
                              G#m             C#
I get the feeling that I'm right where I belong
B            F#
Why am I the one
B                    C#
Always packing up my stuff?
B                   F#
I think I kind of like it
      G#m                    C#
But I might have had too much
I'll move back down........
