

## November Rain - Guns 'n Roses

E C#m  
When I look into your eyes  
B  
I can see a love restrained  
E C#m  
But darling when I hold you  
B  
Don't you know I feel the same

C#m F#  
Cause nothin' last forever  
B  
And we both know hearts can change  
C#m F#  
And it's hard to hold a candle  
B  
In the cold november rain

E C#m  
We've been through this such a long, long time  
B  
Just tryin' to kill the pain, oh yeah  
E  
But lovers always come and lovers always go  
C#m B  
And no one's really sure who's lettin' go today  
Walkin' away

E  
If we could take the time to lay it on the line  
C#m  
I could rest my head  
B  
Just knowin' that you were mine  
All mine  
C#m F#  
So if you want to love me  
B  
Then darlin' don't refrain  
C#m F#  
Or I'll just end up walkin'  
B  
In the cold november rain

E F#  
Do you need sometime on your own?  
E F#  
Do you need sometime all alone?  
E F#

Everybody needs sometime on their own

E

F#

Don't you know you need sometime all alone

D#m E B

I know it's hard to keep and open heart

D#m E C#m

When even friends seem out to harm you

D#m E B

But if you could heal a broken heart

D#m E F#

Wouldn't time be out to charm you

E F#

Sometimes I need sometime on my own

E F#

Sometimes I need sometime all alone

E F#

Everybody needs sometime on their own

E F#

Don't you know you need sometime all alone

E

And when your fears subside

C#m B

And shadows still remains, oh yeah

E C#m

I know that you can love me

B

When there's no one left to blame

C#m F#

So never mind the darkness

B

We still can find a way

C#m F#

Cause nothin' lasts forever

B

Even cold november rain
