C B Dm

And if we do forget them and

The sacrafice they made

Will the wickedness and  
Sadness come to visit us again

Shall we dance a dance in sunlight  
Shall we drink the wine of peace  
Shall our tears be of joy  
Shall we keep at bay the beast

No more tears no more tears  
If we live for a hundred years  
Amigos no more tears

Inside the scream is silent  
Inside it must remain  
No victory and no vanquished  
Only horror only pain
