

## Barenaked - Jennifer Love Hewitt

verse 1

G D C D

Did you ever have that dream  
When you're walking naked down the street  
And everyone just stares  
Did you ever feel so deep that you speak your mind  
You put others straight to sleep  
You wonder if anybody cares

Whose day turned out unlike it had begun

Chorus

G D C D

And i feel barenaked and i just can't take it  
I'm getting jaded no i just can't fake it anymore

Wish i could float away till some other day

You ever go downstairs to start your day

You tell yourself it wasn't you
