

I Gotta Find You - Jonas Brothers

C9 G D Dsus  
Everytime I think I'm close to the heart  
C9 G D Dsus  
What it means to know just who I am  
C9 G D Dsus  
I think I've finally found a better place to start  
C9 G D Dsus  
Where no one ever seems to understand  
Em C9  
I need to try to get to where you are  
Em C9  
Could it be you're not that far?

Chorus:

C9 G D  
You're the voice I hear inside my head  
C9  
The reason that I'm singing  
G  
I need to find you  
D  
I gotta find you
