```
A                      E

Would you lie to me baby?
         E
Cause the truth hurts so much more
         Bm
Would you do the things that drive me crazy,
D                E
Leave my heart still at the door?
