Mirrors (Feat Fifth Harmony) - Justin Timberlake

A#m G# D#m Aren't you somethin' to admire, cause your shine is somethin' like a mirror A#m G# D#m And I can't help but notice, you reflect in this heart of mine D#m If you ever feel alone and the glare makes me hard to find A#m G# F# Just know that I'm always peering out on the other side A#m Cause with your hand in my hand and a pocket full of soap D#m I can tell you there's no place we couldn't go G# A#m Just put your hand on the past, I'm here tryin' to pull you through You just gotta be strong F# C# Cause I don't wanna lose you now G# I'm lookin' right at the other half of me The biggest seat is set in my heart There's a space, but now you're home Show me how to fight for now And I'll tell you baby, it was easy A#m Comin' back into you once I figured it out You were right here all along

C#

```
(oh oh) My mirror staring back at me, staring back at me
```

```
G#
                                             D#m
Aren't you somethin' an original cause it doesn't seem we'll make a sample
                                          G#
And I can't help but stare cause I see truth somewhere in your eyes
ooh I can't ever change without you, you reflect me, I love that about you
                              G#
                                              D#m
And if I could, I would look at us all the time
                           A#m
                                                       G#
Cause with your hand in my hand and a pocket full of soap
                       D#m
I can tell you there's no place we couldn't go
                          A#m
Just put your hand on the past, I'm here tryin' to pull you through
                    D#m
You just gotta be strong
      F#
                              C#
Cause I don't wanna lose you now
             G#
I'm lookin' right at the other half of me
The biggest seat is set in my heart
There's a space, but now you're home
Show me how to fight for now
And I'll tell you baby, it was easy
               A#m
Comin' back into you once I figured it out
          G#
You were right here all along
It's like you're my mirror
                            F#
(oh oh) My mirror staring back at me
I couldn't get any bigger
    G#
                             F#
(oh oh) With anyone else beside of me
And now it's clear as this promise
                          D#m
That we're making two reflections into one
Cause it's like you're my mirror
    G#
(oh oh) My mirror staring back at me, staring back at me
```

D#m A#m Yesterday is history D#m A#m Tomorrow's a mystery D#m A#m I can see you lookin' back at me F# Keep your eyes on me, baby, keep your eyes on me C# Cause I don't wanna lose you now I'm lookin' right at the other half of me The biggest seat is set in my heart G# There's a space, but now you're home Show me how to fight for now And I'll tell you baby, it was easy A#m Comin' back into you once I figured it out G# You were right here all along It's like you're my mirror (oh oh) My mirror staring back at me I couldn't get any bigger G# F# (oh oh) With anyone else beside of me

And now it's clear as this promise

D#m
