My Love - Justin Timberlake

```
\operatorname{Em}
                   Bm
If I wrote you a symphony,
Just to say how much you mean to me (what would you do?)
If I told you you were beautiful
Bm
Would you date me on the regular (tell me, would you?)
Εm
                          Вm
Well, baby I've been around the world
Bm
                                    Am
But I ain't seen myself another girl (like you)
Εm
This ring here represents my heart
Bm
                                        Am
But there's just one thing I need from you (say "I do")
[Chorus:]
Yeah, because
Εm
I can see us holding hands
Bm
Walking on the beach, our toes in the sand
I can see us on the countryside
Αm
Sitting on the grass, laying side by side
                      Bm
You could be my baby, let me make you my lady
Girl, you amaze me
Ain't gotta do nothing crazy
Am
                                 Em
See, all I want you to do is be my love
                     Bm
(So don't give away) My love
(So don't give away) My love
(So don't give away) Ain't another woman that can take your spot, my love
(So don't give away) My love
(So don't give away) My love
                                                                             Bm
(So don't give away) Ain't another woman that can take your spot, my love
Bm
           Am
