

*Am*        *Dm*  
Did you see the lights  
      *G*        *Am*  
As they fell all around you  
*Am*        *Dm*  
Did you hear the music  
      *G*        *Am*  
Serenade from the stars

*Am*        *Dm*  
Wake up, wake up  
      *G*        *Am*  
Wake up and look around you  
*Am*        *Dm*  
We're lost in space  
      *G*        *Am*  
And the time is our own

*Em*  
Whoa, whoa  
*Am*

*Am*        *Dm*  
Did you feel the wind  
      *G*        *Am*  
As it blew all around you  
*Am*        *Dm*  
Did you feel the love  
      *G*        *Am*  
That was in the air

*Am*        *Dm*  
Wake up, wake up  
      *G*        *G*  
Wake up and look around you  
*Am*        *Dm*  
We're lost in space  
      *G*        *Am*  
And the time is our own

*Em*  
Whoa, whoa  
*Am*  
llllllllll

*Am*        *Dm*  
The sun comes up  
      *G*        *Am*  
And it shines all around you  
*Am*        *Dm*  
You're lost in space  
      *G*        *Am*  
And the earth is your own

*Em*
