

C# D#

This years love had better last

C# D#

Heaven knows it's high time

C# D# G#

I've been waitin' on my own, too long

C# D#

And when ya hold me like you do

C# D#

It feels so right, oh now

C# D#

I start to forget

G#

How my heart gets torn

FM

When that hurt gets thrown

A# C#

Feelin' like you can't go on

C# D#

Turning circles, time again

C# D#

Cut like a knife, oh now

C# D# G#

If ya love me, got to know for sure

C# D#

'Cos it takes somethin' more this time

C# D#

Sweet, sweet lies, oh now

C# D# G#

Before I open up my arms and fall

FM

Losin' all control

A# C#

Every dream inside my soul

C#

When ya kiss me

G#

On that midnight street

FM

Sweep me off my feet

A# C#

Singin' ain't this life so sweet

C# D# C#

This years love, it better last

C# D# C#

This years love, it better last

C# D#

'Cos whose to worry

G#

If our hearts get torn

FM

When that hurt gets thrown
A# C#
Don't ya know this life goes on
C#
Won't ya kiss me
G#
On that midnight street
FM
Sweep me off my feet
A# C#
Singin' ain't this life so sweet

C# D# C# D#
This years love, it better last
C# D# C# D#
This years love, it better last

C# D# C# D#
This years love, it better last
C# D# C# D#
This years love, it better last

C# D# C# D#
This years love, it better last

Oh, oh, oh, aah yea
C# D# C#
This years love, it better last
