

*Am*  
You could be the one in my dreams,  
*E*  
You could be much more than you seem,  
*E Dm*  
Anything I wanted in life  
*Am*  
Do you understand what I mean?

*Am*  
I can see that this could be faith,  
*E*  
I can love you more than they hate.  
*E Dm*  
Doesn't matter who they will blame,  
*Am*  
We can beat them at their own game.

*Am E*  
I can see it in your eyes,  
*E Am*  
It doesn't count as a surprise,  
*Am E*  
I see you dancing like a star,  
*E Am*  
No matter how different we are.

*Am G Dm*  
For all this time I've been loving you,  
*F G*  
Don't even know your name,  
*Am G Dm*  
For just one night, we could be the same,  
*F G Am*  
No matter what they say.

*Am*  
And I feel I'm turning the page,  
*E*  
And I feel the world is a stage,  
*E Dm*  
I don't think that drama will stop,  
*Am*  
I don't think they'll give up the rage.

*Am*  
But I know the world could be great,  
*E*  
I can love you more than they hate.  
*E Dm*  
Doesn't matter who they will blame,  
*Am*  
We can beat them at their own game.
